
SCIENCE “WIZ QUIZ”

Selkirk Alliance for Science (SAS) is challenging you to exercise your scientific knowledge and search skills with our contest. Our purpose is to increase personal understanding of the nature, value, and integrity of science that can benefit all communities. No purchase is necessary for anyone to enter or win the contest, and the rewards could be fun, educational, and a science souvenir or prize.

THE RULES

1. Beginning on March 1, 2021 and continuing through the month of May, a new science question will be posted on the [SAS website Contest page](#) **each Monday at 7:00 A.M. Pacific.**
2. Contestants may submit only **one answer per question.**
3. The first correct answer we receive, as determined by the sender's email posting date and time, will win a free science souvenir. Weekly, we will post the correct answer and authoritative source on the [SAS website Contest](#) page, then email the winner for details to mail their prize to them.
4. If a question is not correctly answered before the following Monday, the answer and source will be posted on the [SAS website Contest](#) page and the question retired with no winner.
5. At the end of each month, weekly winners from that month will be entered into a drawing-of-chance for a free science prize to be mailed to the prize winner.
6. Selkirk Alliance for Science retains the right to determine rules and winners. SAS officers and Board of Directors are not eligible to enter this contest.
